

Office of Regulatory Research
Compliance
Institutional Biosafety Committee

TO: Members of the Institutional Biosafety Committee
FROM: Office of Regulatory Research Compliance
DATE: October 15, 2025
SUBJECT: MEETING MINUTES
WHEN: August 11, 2025
WHERE: Zoom Conference
TIME: 2:00PM to 5:00PM

MEMBERS PRESENT: Hemayet Ullah, PhD; Karl Manly Thompson, Ph.D; Julian Wilson, MA.

MEMBERS ABSENT: Qiyi Tang, Ph.D, Phillip Roane, Jr., PhD; Julian Wilson, MA.

GUEST: None

QUORUM: YES

CALLED TO ORDER: 2:08 PM

ADJOURNED: 2:57 PM

REVIEW OF MINUTES

Minutes from (Date), will be reviewed and voted on.

NEW BUSINESS (1)

1. Biosafety Officer Report: No new inspection since the last IBC meeting.

NEW PROTOCOLS (0)

CONTINUATIONS/RENEWALS (0)

APPROVED PROTOCOLS (0)

OTHER BUSINESS (3)

IBC Number: IBC-2023-0021

Study Title: Mechanistic Pathways of Insulin Resistance in Mice

Principal Investigator: Dr. Stanley Andrisse, Ph.D. HU - HUCM - CC1522 - Physiology and Biophysics

Primary Reviewer: Dr. Qiyi Tang, M.D., Ph.D.

Secondary Reviewer: Dr. Karl Manley Thompson, Ph.D.

Reviewer's Critique: None

Discussion: Committee requests that study aims and long-term goals be explained. It suggested that the language "chemical fume hood" be removed from section 4.3, and that a source and structure for siRNA be provided.

Motion/Recommendation: Approve - Accept with Administrative Review

Vote: For: 3, Against: 0, Abstained: 0

IBC Number: IBC-2025-0085

Study Title: Polygenic Risk Stratification Combined with mpMRI to Identify Clinically Relevant Prostate Cancer

Principal Investigator: Dr. Pamela W. Coleman, M.D. HU - HUCM - CC1532 - Urology

Primary Reviewer: Dr. Qiyi Tang, M.D., Ph.D.

Secondary Reviewer: Dr. Hemayet Ullah, Ph.D.

Reviewer's Critique: None

Discussion: Reviewer requests that clarification be provided whether the blood samples used in the study have been screened for pathogens. Motion to approve pending clarification.

Motion/Recommendation: Approve - Accept with Administrative Review

Vote: For: 3, Against: 0, Abstained: 0

IBC Number: IBC-2025-0082

Study Title: Characterization of the roles of bivalent domains in CD4+ T cell differentiation

Principal Investigator: Wailim Ku, Ph.D

Primary Reviewer: Dr. Qiyi Tang, M.D., Ph.D.

Secondary Reviewer: Dr. Phillip R. Roane, Ph.D.

Reviewer's Critique: None

Discussion: Reviewer requests that the PI provide written permission/approval to use the biosafety hood/laboratory of Dr. Nekhai.

Motion/Recommendation: Approve - Accept with Administrative Review

Vote: For: 3, Against: 0, Abstained: 0

ADJOURNMENT : 2:57PM
